Elba receives \$450,000 grant for downtown revitalization

Governor Kay Ivey on Friday, Oct. 26, awarded almost \$17.8 million in Community Development Block Grants to improve 54 Alabama towns, cities and counties.

"I am pleased to award these grants to support vital community improvement projects, and I commend the dedicated local officials who sought these grants with the intent to make their communities better places to live," Governor Kay Ivey said.

The 55 grants will support a number of community improvement projects

including water and sewer extensions and rehabilitation, street and drainage improvements, housing rehabilitation and community centers.

The City of Elba was among those receiving a grant from the Large City Fund [municipalities with populations of 3,001 or more]. Elba received a \$450,000 grant for downtown revitalization.

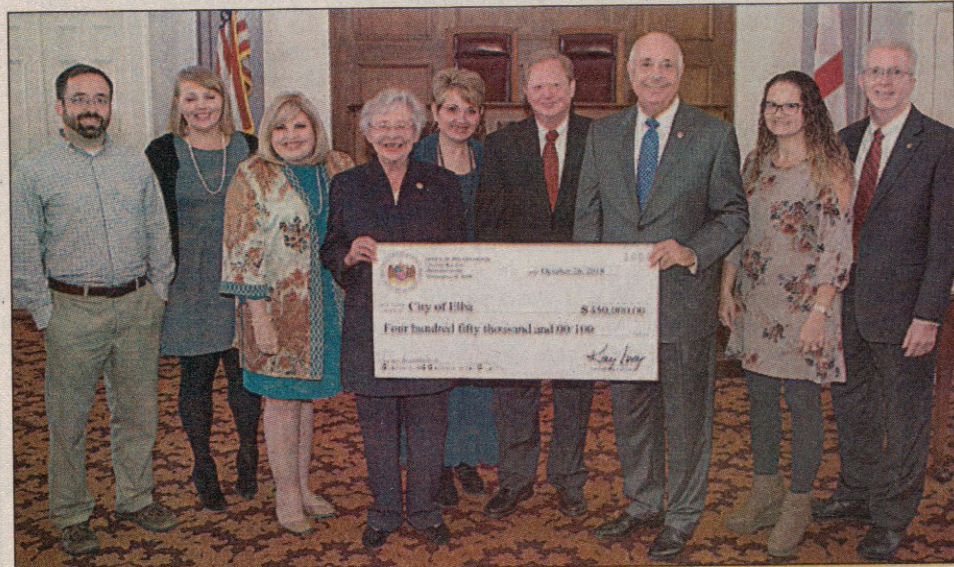

"Several experts have studied Elba over the past five years," Elba Mayor Mickey Murdock said. "They have concluded that the key to community and

economic development of our beloved city is downtown revitalization. A team recently met to determine how to start the revitalization."

The mayor said the 'team' included people from the City, Restoration 154, state organizations and other non-profit organizations. The result of the meeting was for the team to obtain the data necessary to apply for a grant from the state organization ADECA.

Community Development Block Grants are awarded annually through a competitive process in four main categories including small city, large city, counties and community enhancements. Other categories in this round include Black Belt and planning grants. Award determinations are based

Upon arriving at church last Wednesday evening, Oct. 24, church members at Newbia Baptist Church found their church building had become victim to a burglary for a second time this year.

The church is located on Coffee County Road 330 in the northwest part of Coffee County.

"Satan has reared his ugly head again," said pastor Will Jordan. "First, we ask that you pray that the culprits find God and soften their hearts."

Jordan said the person(s) responsible for this crime had pretty much cleaned the church out of its newly installed sound equipment, tv monitors, microphones,

computer, etc. He said the church did have the serial numbers of all the equipment recorded in hopes of helping retrieve it if located.

Jordan asked if anyone hears of a person trying to sell or pawn any electronic equipment to contact the Coffee County Sheriff's Department at 334-894-5535 or to contact him personally at 334-308-7510.

Since this burglary, the church has taken measures to be better prepared itself to help catch any person that attempts to break-in the building or commit any type of crime on the grounds in the future.

"It is a shame that a church has to worry this much about having its property taken these days," said church deacon Randle Hodge. "The really sad thing is our church, or any for that matter, would be willing to help any person in need on any given day. Yet, some people would rather take from others. All we can do is pray for these people."

Search for missing man near Damascus community falls short

by Linda Hodge, Editor

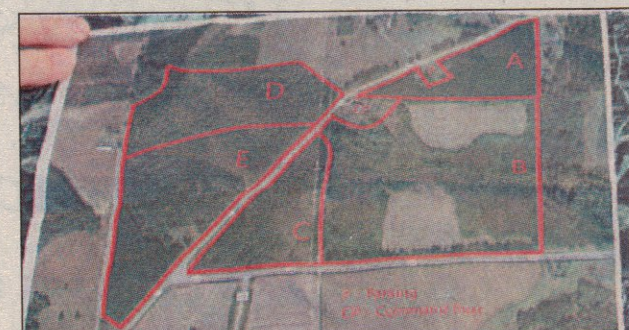

Several local law enforcement agencies conducted a search last Saturday, Oct. 27, near the Damascus community of Coffee County for a man who has been missing for more than a year now.

The Coffee County Sheriff's Office, Geneva County Sheriff's Office, and Alabama Bureau of Investigations were working together to search for Christopher Harrison. Harrison reportedly was last seen in July 2017.

With a large area of land to search, authorities utilized county mounted posses to assist.

The area being searched last Saturday morning was along a portion of Alabama Highway 87 near the Damascus community. This search was being conducted due to tips received by authorities, but did not reveal any new details, according to officials.

"You can always spot a well informed man – his views are the same as yours." – Ilka Chase

Halloween is no longer politically correct. First there is the growing voice of those who feel it violates their religious beliefs. Then there are the legal issues of how someone is dressed, i.e. politically correctness at its best (sexy nurse, the Donald, black face, etc.) what they say or how they act. Any of the above can get a company or individual in trouble legally or in the public eye. We respect a person's religious opinions, but strongly feel we can all have a friendly celebration without the "devil getting us." Now if you start worshipping idols, vampires, Dracula, etc., it is past time for us to leave the party. A person should also be sensitive to the character they are playing and not be insulting to others.

We would be remiss if we failed to condemn the stupid shooting (and killings) last week at the Pittsburgh synagogue. We can easily pass off the shooter (a regular looking guy) as a 'nut', but that does not solve the underlying problem. Apparently there is no clear-cut solution to hatred. There are several Jewish people who have married into our extended family and we have absolutely no issue with that fact. They are good folks and contributing members of society. As a young child in the early 1940's, WWII was a part of everyone's life. The horrors of what was happening in Europe shocked us, even at that young age. There were Jewish people in our small hometown and to this child they were people just like the person standing next to them who attended church with us. Then an incident during our own military days still haunts us. A fellow unit member was riding in our personal car to some extension classes we were each taking two nights a week. Somehow his Jewish faith came up in a one-on-one discussion and he asked, "Does this make any difference in our friendship?" Almost 60 years later, we are still proud of our impulsive answer, "Why should it?" We do regret he had to ask. Several months later we came back to Alabama and he went home to Kentucky but his, nor our, religious beliefs interfered with our warm friendship right on through that parting day. Every time this religious hatred comes up we still ponder our question "Why should it?"

The U. S. is sending several thousand regular Army troops to the Texas/Mexico border to block the caravan of immigrants planning to cross the U. S. border without proper approval . . . that means illegally. With the 2,000 NG troops already there, it is more manpower than the US has in Iraq and Syria combined. A question has come up from some corners about the legality of such actions by the military. Either side of this can offer the opportunity for a strong argument. There have been cases where U. S. law stopped soldiers from officially being involved in civilian activities. There is also case history where such involvement was successfully carried out and for the long-term benefit of all Americans.

Next Tuesday is "Election Day" and with today's instant communications methods we will know before bedtime the winner of most of the races on the ballot. Pick your candidate before walking into the polls, but do vote.

Nov. 6th General Election ballot opinions expressed

With Ferrin Cox
Publisher

The ballot for next Tuesday's General Election has no surprises, unless they are hidden deep in the wording of one or more of the four constitutional amendments.

The governor's race pits incumbent Kay Ivey (R) against Tuscaloosa Mayor Walt Maddox (D). As was noted last week, Kay is still our favorite.

The LT Governor's race has no incumbent running. However there are two with the first name "Will" in that race. Republican Will Ainsworth is facing Democrat Will Boyd. Ainsworth seems to be the favored candidate.

U S House of Representatives is next on the ballot. Incumbent Republican Martha Roby is facing newcomer Democrat Tabitha Isner. Our only knowledge of Isner is a few roadside signs.

Republican Attorney General Steve Marshall is facing newcomer Democrat Joseph Siegelman. Yep, son of the former governor. Marshall was appointed to the position by former governor Bentley and that has caused him some flak but frankly we think he will win. Hopefully Siegelman will not be shattered and will be around for another race . . . we like him.

The only Alabama House of Representative district with a race is in the Northwest part of the county where incumbent Republican Chris Sells is facing Democrat Joanne

Whetstone. We would not know Whetstone if she walked into the office, so . .

The Alabama Supreme Court race for Chief Justice pits Republican Associate Justice Tom Parker against Democrat Robert Vance. We will be voting for Vance but Parker has the Roy Moore fans in his corner and that could be enough to elect him.

There is one other judgeship that has opposition. Democrat Donna Wesson Smalley is facing Republican Jay Mitchell for Place 4 on the Supreme Court. We know nothing about either candidate.

The race for Secretary of State pits incumbent Republican John H Merrill against Democrat Heather Milam. We really like Merrill's efforts to keep the citizens informed about voting rights and will vote for him for another term.

The State Auditor's race has incumbent Republican

Jim Ziglar running against Democrat Miranda Karrine Joseph. We expect Ziglar to win a second term, as Joseph is just not known statewide.

The Coffee County school board races are all settled except for District 5 where Republican Brandi W. Carr is fighting hard to win over Democrat Marcus Brown.

There are a number of other races on the ballot, but each has only one declared candidate. Write-ins are legal in all of the races.

There are four Constitutional Amendments on the ballot for next week.

Amendment #1 deals with the display of the Ten Commandments but forbids the use of tax money to defend legal challenges to their display.

Amendment #2 gets into the abortion debate. Federal law tops anything Alabama

might do so we suggest a NO vote, or just skip it. A positive vote will only lead to more arguments and lawsuits.

Amendment #3 deals with the University of Alabama Trustees and removes the requirement they get off the board at age 70. It also takes the State Superintendent of Education off that board. All this is fine with us if there are no "fine print" items in the bill. We would suggest a yes vote or just skip it.

Amendment #4 deals with vacancies in the House of Representatives or Senate and could actually save taxpayers money. If the vacancy occurs late in a term the office may remain open until the next general election. We like this idea and actually recommend a Yes vote.

Vote your convictions, but do vote!!

With Sincere Thanks

Sometimes when life seems empty and we feel alone, we discover the importance of the kindness of others.

Thank you to all the family and friends for showing such kindness, if it was prayers, food, flowers, cards or attending the funeral.

You all truly were a light in a dark and difficult time of the loss of our dad, brother, and grandfather Jimmy Owens. Your kindness meant so much and will not be forgotten.

Coffee County Arts Alliance brings concert to Elba High School

The Coffee County Arts Alliance will present the Orlando Transit Authority - A Tribute to Chicago at the Elba High School auditorium Thursday, Nov. 8, at 7 p.m.

Chicago is a rock-infused, horn-driven musical powerhouse that has inspired generations of professional musicians over the last 40 years. Some of the very best of those musicians found their way to central Florida and came together to form Orlando

Transit Authority [OTA].

OTA is a high-energy Chicago tribute show made up of A-list players who are, first and foremost, Chicago FANS. Founder Stan Allen and Musical Director Carl Dirkes hand-picked each member of the band based on one simple criteria: The degree to which he naturally sounds like the corresponding original member of Chicago. OTA emulates every stylistic nuance of the Chicago sound, both vocally and

instrumentally.

OTA takes the Chicago tribute to another level by offering a "tribute within a tribute" to the group that was indirectly responsible for Chicago's success: Blood, Sweat and Tears.

Those who attend the concert will hear great hits: "25 or 6 to 4", "Saturday in the Park", "Does Anybody Really Know What Time It Is", "Will You Still Love Me?", "You're My Inspiration", "Spinning Wheel", "God Bless the Child", "If You Leave Me Now", and "Just You 'N' Me".

This performance is a presentation of Coffee County Arts Alliance and Center Drugs & Home Health. The 2018-2019 season is dedicated to the memory of Edwin L. and Elizabeth L. Skelton.

ELBA UNITED METHODIST CHURCH

All Hallows Eve

I invite you to read Hebrews 12:1-2 and use this article as a devotional.

I have to admit it I love this time of year. Football season is in full swing. Spice cakes, pound cakes, and pumpkin pies surround us. It's the holiday season. No not Christmas—Halloween! Halloween begins three holy days in Christianity that begins on October 31st and ends on November 2nd. In fact "Halloween" or All Hallows Eve means "holy evening", and over these three days for centuries Christians have turned their focus upon the connection that exists between the Church Terrestrial and the Church Triumphant; the connection that is between the living and the death, between heaven and earth.

On November 1st or the closet Sunday to this day, the Festival of All Saints is celebrated. It is a time to not only remember those in our lives to whom we have said farewell, but also it highlights our connection still with them. The best image of how our departed loved ones are still connected to us is best laid out in the Book of Hebrews, where the write conjures the image of a foot race.

For almost the totality of my life I was incredibly overweight, and the day in school that I hated the most occurred whenever we had to run the mile race in P.E. Class. I still remember the feeling of being lapped by those quicker than me. Yet, during my 8th Grade year, those who finished the race before me did something amazing. They began to cheer we slow few to the finish line with words of encouragement. It felt good having people in the stands cheering me on in this race. I began running faster, and felt like I could finish the race well.

The writer of the Book of Hebrews uses the image of the Christian life as a race that the Apostle Paul used in his letters, but our writer adds the element of there being grandstands filled with those who already completed their race, filled with the saints, filled with our dearly departed loved ones, who are cheering us on as we run our race, as we live our lives. Take this day, remember those loved ones to whom you have had to say farewell, those who have finished their race, and realize they are still with you and are in the stands cheering you on as you run the race of your life.

DEPARTMENT OF AGRICULTURE Rural Development

Jack Water System, Inc.: Notice of Finding of No Significant Impact
AGENCY: USDA Rural Development

ACTION: Notice of Finding of No Significant Impact.

SUMMARY: USDA Rural Development (RD) has made a Finding of No Significant Impact (FONSI) with respect to a request for possible financing assistance to Jack Water System, Inc. for the construction of Water System Improvement Project - Well Rehab and New Elevated Storage Tank (Project) in Coffee County, Alabama.

FURTHER INFORMATION: To obtain copies of the EA and FONSI, or for further information, contact: Landra Siegfried, Area Director, RUS, 1177 E. Andrews Ave., Suite B-1, Ozark, AL 36360, Phone: 334-774-4926 Ext. 4, E m a i l : Landra.Siegfried@al.usda.gov.

SUPPLEMENTARY INFORMATION: The proposed project consists of rehabilitation of an existing well on County Road 87 and constructing a new elevated storage tank on a parcel of land at the intersection of Coffee County Road 207 and Coffee County Road 208. Alternatives considered by RD and Jack Water System, Inc. include: No action and continuing to purchase large quantity of water from a neighboring water system. The alternatives are discussed in the Project EA. The RD has reviewed and approved the EA for the proposed project.

The availability of the EA for public review was announced via notice in the Elba Clipper on August 30 and September 6, 2018. A 14-day comment period was announced in the newspaper notice. The EA was also available for public review at the USDA Rural Development office. Based on its EA, commitments made by Jack Water System, Inc., and public comments received, RD has concluded that the project would have no significant impact to water quality, wetlands, floodplains, land use, aesthetics, transportation, or human health

and safety.

The proposed project will have no adverse effect on resources listed or eligible for listing on the National Register of Historic Places. The Agency has also concluded that the proposed project is not likely to affect federally listed threatened and endangered species or designated critical habitat thereof. The proposed project would not disproportionately affect minority and/or low income populations.

No other potential significant impacts resulting from the proposed project have been identified. Therefore, RD has determined that this FONSI fulfills its obligations under the National Environmental Policy Act, as amended (42 U.S.C. 4321 et seq.), the Council on Environmental Quality Regulations (40 CFR §§ 1500-1508), and USDA Rural Development's Environmental Policies and Procedures (7 CFR Part 1970) for its action related to the project.

RD is satisfied that the environmental impacts of the proposed project have been adequately addressed. RD's federal action would not result in significant impacts to the quality of the human environment, and as such it will not prepare an Environmental Impact Statement for its action related to the proposed project.

Elba High School teacher receives grant check

Elba High School teacher Phillip Smith was awarded grant money Thursday, Oct. 25, from the Fort Rucker Thrift Shop

Smith, who is the science teacher for 7th, 8th, and 10th grades, applied to help build up Elba High School's junior high science lab. He was awarded over six thousand dollars!

"This is the next best thing to winning the lottery," Smith said.

Smith believes science is best learned in the lab, because science should be experienced, not just read in a book.

This is Smith's first year at Elba High School. He has also worked at Ozark City Schools, Dothan City Schools, Covington County Schools, and Enterprise City Schools. He also is a football and basketball coach.

Both Smith and Elba High School extend a huge "thanks" to the Fort Rucker Thrift Shop for helping teachers!

Elba teacher Phillip Smith received a \$6,552 grant check last week from the Fort Rucker Thrift Shop. Smith applied for the grant to use for the junior high science lab.

Our grandson Lawson went to the Fall Festival last week at the Elba Elementary School and took home a homemade cake after winning the game of musical chairs at the always popular cake walk. He picked out an ‘Oreo cake’ and told me the next day it was really good, even though he forgot to bring me a piece to sample!

For what it is worth....

*** *The Elba Tigers closed out region play* last week with an easy 46-13 home win over McKenzie to up their record to 7-1, 5-1 against region opponents. The Tigers scored early and often to jump put to a 19-0 first quarter advantage, and then after giving McKenzie a score with a fumble in the endzone, scored four second quarter touch-downs to blow the game open. Richmon Singletary was again the main weapon for the Tiger offense as he rushed for 212 yards and four touchdowns on only nine carries, while the offense did provide plenty of spark as the Tigers had three one-play scoring drives and one two-play scoring drive. The starting defense tossed a shutout during its time on the field, and came up with three turnovers that helped make it easy for the offense to put points on the scoreboard. The only negative, once again, was the fact that the Tigers were flagged for 10 penalties for a total of 81 yards, with 65 yards in penalties coming in the first quarter alone that nullified two touchdowns. I have talked with the coaches and agree that the officials haven’t been the best this season, but when a team has been flagged for a total of 97 penalties for 771 yards in just eight games, all the flags can’t be bogus!

*** *It was a so-so week for the teams in the area* as New Brockton and Brantley posted wins, while Zion Chapel and Kinston fell to defeat. Here’s a quick look back at last week’s action....

** *New Brockton jumped out* to a 41-0 halftime lead and coasted in with a 48-6 win over Zion Chapel. The Gamecocks needed the win to keep its playoff hopes alive and left little doubt that they were determined to make the post-season as they manhandled the Rebels to keep their hopes alive and well.

** *Brantley also made it look easy* with a 47-0 region win over Pleasant Home. The Bulldogs scored almost at will in the first half to open up a big 34-0 lead, and added two more scores in the third quarter for their third straight win as they prepare for a first round road trip in the play-offs.

** *Zion Chapel never had a chance* and got blasted for the second straight week in a 48-6 loss to New Brockton. The Rebels were never really in the game on either offense or defense and will need to find that ‘Rebel Pride’ in a hurry if hey hope to finish with a bang and hang five wins on their side of the ledger.

** *Kinston barely even put up a fight* last week in a 34-0 region loss to Florala and with the season fast drawing to a close didn’t show a lot of fight against an opponent it had dominated over the years. The Bulldogs have worked hard to overcome some issues they had nothing to do with, but may be tired and ready to hang it up.

*** *It was a wild week across the state* with two of its teams being featured on national television and lots of action al just about stadium. Here’s a look back at the week that was....

** *Class 1A* – Top-ranked Lanett blanked Billingsley 42-0 and #2 Linden hammered Ellwood Christian 68-0, while closer to home #6 Georgiana coasted past Red Level 40-0, Sweet Water spanked Fruitdale 46-0 and St. Luke’s outscored Millry 51-34.

** *Class 2A* – Top-ranked Fyffe dumped Ider 54-0 and #2 Ohatchee ripped Gaston 55-8, while closer to home #6 Luverne rolled over Samson 35-6, #8 Highland Home scored late to down Goshen 27-20, #9 Abbeville drubbed G.W. Long 44-10, Arifton outscored Cottonwood 47-28, Daleville blanked Barbour County 52-0, Geneva County outscored Houston County 55-42 and in the ‘pillow fight’ of the week, Central got its first win with a 45-6 romp over winless Calhoun.

** *Class 3A* – Top-ranked Randolph County defeated Pleasant Valley 35-6 and #2 Mobile Christian downed St. Michael 48-20, while closer to home #9 Pike County clubbed Straughn 42-7, Slocomb slammed Opp 48-7 and Wicksburg whipped Geneva 42-21.

** *Class 4A* – Top-ranked UMS-Wright blanked W.S. Neal 29-0 and #2 Hokes Bluff lost to #3 Jacksonville 16-14, while closer to home #8 Headland outlasted #9 Catholic 34-29, Andalusia kept its playoff hopes alive with a 28-14 win over Clarke County, Hillcrest Evergreen clobbered Monroe County 48-7 and Ashford lost to Alabama

Alabama Christian 34-15.
** *Class 5A* – Top-ranked Vigor lost to Opelika 23-22 and #2 Etowah downed Boaz 49-7, while closer to home #6 Greenville knocked Carroll out of any playoff consideration with a 36-13 win, Charles Henderson fell to Valley 26-20 and Rehobeth remained winless with a 25-21 loss to Dale County.

** *Class 6A* – Top-ranked Pinson Valley enjoyed the week off, while #2 Spanish Fort defeated Gulf Shores 45-0 and #3 Saraland defeated Blount 20-17. Closer to home, Eufaula qualified for the playoffs with a 29-7 win over Dothan and Northview claimed a big road win over Lanier.

** *Class 7A* – Central of Phenix City downed #3 Auburn 24-7 and #2 Thompson rallied from an early 28-0 deficit to outscore #5 Hewitt-Trussville 63-49 on ESPN. Closer to home, Enterprise slipped to 2-7 with a 34-31 loss to one-win Jeff Davis.

*** *The playoffs are just around the corner*, and while there is still one week left before the post-season party kicks off, now may be a good time to take a peek and see what may be coming for area high school football fans. In Class 1A, Elba will host Billingsley in the opening round, while Florala will try to upset top-ranked Lanett, Brantley will travel to Wadley, and in perhaps the game of the week it will be defending state champion Sweet Water heading to battle Maplesville. In Class 2A, New Brockton, Samson or Goshen will head to either Leroy or Cottage Hill, while Daleville will travel to Reeltown, Geneva County will host LaFayette, and Arifton will travel to Thorsby. Up in Class 3A, Pike County will host Oakman, while Houston Academy, Wicksburg or Slocomb will travel to either Winfield or Gordo, and Montgomery Academy will head down to Flomaton. In Class 4A, Headland will host Talladega, while Williamson, Andalusia or Escambia County will travel to either Montevallo or American Christian, and Hillcrest will host Sipsey Valley. Over in Class 5A, opening round games include Charles Henderson at Ramsey, and either Parker, Wenonah or Fairfield at Greenville, while in the Class 6A ranks look for Eufaula at Hueytown and St. Paul’s at Opelika, and up in the Class 7A ranks look for Fairhope or McGill-Toolen at Auburn and Davidson at Central. Wow, what a first round schedule.

*** *Ye Ole Polish Prognosticator stopped by* over the weekend and declared he was glad Elba’s initial trek through the 1A teams in the area was finished, and shook his head over the lack of competition in the lower half of the region standings. The local guesspert did hit the Elba-McKenzie score on the nose and nailed 33 of his 37 picks to up his season totals to 252-57, and dropped off this week’s fearless forecast. Here goes....

Elba at Tate

The (7-1) Elba Tigers will close out the regular season on Friday night against the (2-7) Tate Aggies, in Cantonment, Florida.

The meeting will be the first ever between the two schools, while the Tigers are 4-1-1 all-time against Florida teams, with three wins and a tie against Crestview (1936-38-40-41), a win against Graceville (1927) and a loss in 1989 against Niceville.

Elba has scored an average of 40 points per game in rolling to seven wins, with two wins in the 40’s, and one each in the 50’s and 60’s. Tate has posted wins over Choctawhatchee 28-21 and Booker T. Washington 30-27, while losing to West Florida 40-20, Gulf Breeze 58-25, Pensacola 21-7, Milton 35-34, Escambia 37-32, Pace 69-28, and Pine Forest 35-20. The Aggies have rushed for 2,096 yards and 21 touchdowns and passed for 1,295 yards and 10 touchdowns.

“Tate is a big school with big time players,” stated Elba’s Coach Pate Harrison, “but we are going down there to win the football game and will treat it like it is the first round of the playoffs. They have scored a lot of points in every game they have played and have a really solid quarterback that has rushed for over 1,000 yards and passed for over 1,000 yards, and they also have a couple of good backs and receivers with good speed. Their offensive line averages around 280 pounds per man, which is obviously very big, and they like to hit big plays from anywhere on the field. Over on defense they have given up a lot of points, but are solid and try to keep the ball in front of the secondary. Their goal is to outscore their opponent, no matter how many points it takes, and despite their record they are a very good 6A football team.”

“If we are going to bring home a win Friday night we will need to maintain drives to keep their offense off the field and score points when get the chance,” added Harrison. “That means we will have to move the chains with short passes and quick hitters on the ground, and not rely on big plays. Sometimes the best defense is a ball-control offense, and that is the case this week. We know our line, and especially our ends and linebackers, will be tested by their big offensive line and their quarterback. However, we can’t just make excuses about who we are playing and have to play our best on every play. I believe we can win the game if we play hard and limit their big plays on offense, and sustain drives on offense. We just have to believe in our game plan and carry it out.”

New Brockton at Samson

The (5-4) New Brockton Gamecocks will be looking to lock down the #3 seed in the region Friday night when they travel to Samson for a key region encounter against the (4-5) Samson Tigers.

NEW BROCKTON VS. SAMSON

The roosters from over near the bypass will fly down the road this weekend looking for a ticket to the playoffs and are so sure of success they have already pulled out the map looking for their opening round foe. It may not be quite that easy, but the roosters should find a ticket and get ready to pack their bags.

The troops from up at Fort Jack have a bird hunt scheduled for this weekend and will be hoping to stock the shelves before the cold weather arrives. There should be a flock or two that will fly within their range and the guess here is that the feathers will be flying.

Two plays later, Franklin went in from six yards out for the score. Benjamin Hughes added the p.a.t. for a 27-0 lead with 4:45 remaining in the quarter.

The Kinston Bulldogs surrendered four second quarter touchdowns after an evenly played opening quarter and saw their record slip to 2-7 Friday night with a 35-0 region loss to the Florala Wildcats.

Florala went three and out on its initial possession and was turned back at the Kinston 15-yardline on its second possession by the gallant Bulldog defense. However, the Wildcats regained possession near midfield after a short Kinston punt and this time cashed in the excellent field position when Jacob Hammac connected with John West on a 36-yard touchdown toss. Hammac added the extra-point, and with 2:52 left in the quarter the Wildcats were on top 7-0.

Florala began its next possession at its own 34-yardline and covered the 66 yards to the endzone in six plays to extend its lead. Hammac completed two passes for 27 yards to lead the Wildcats down the field, while the score came on a 17-yard scamper by Leroy Mitchell. Hammac passed to Flowers for a two-point conversion, and with 7:01 left in the quarter Florala's lead was up to 21-0.

Florala began its final possession of the half at the Kinston 43-yardline after a 19-ard punt return by John West, and from there it took the Wildcats six plays to add to their lead. The score came on a 4-yard run by Jacob Hammac, and Hammac added the extra-point to put the Wildcats in front 28-0 with 2:14 remaining in the half.

Florala failed to score on its initial possession of the third quarter, but began its second possession at the Kinston 37-yardline after a pass interception by the

Wildcats Kellan Greer, and covered the 37 yards to the endzone in five plays, with the touchdown coming on a 1-yard run by Hammac. Hammac added the extra-point to put the Wildcats on top 35-0 with 6:56 left in the fourth quarter, and that was what the scoreboard read when the final horn sounded.

Brody Horton gained 56 yards on 13 carries to lead the Kinston offense, while Jacob Hammac rushed for 19 yards and two touchdowns on four carries and completed 9 of 13 passes for 161 yards and one td to lead Florala.

GRANT

on the number of low and moderate-income families affected, urgency of the need and project cost efficiency. Murdock said it was decided DeAnn Grantham, of Southern Engineering Inc., and Sandy Bynum, of

the Elba Chamber of Commerce, would obtain the information; Justin Maddox of Restoration 154 would provide information related to the Elba Theatre project; and Rachel Armstrong, grant writer with Southeast Alabama Regional Planning and Development Commission, would write and submit the application for the grant.

Obtaining an ADECA grant requires local funding and citizen participation.

"To provide monetary support, the Elba City Council committed \$75,000 and Restoration 154 committed \$125,000," Murdock said. "Local participation included citizens writing letters and/or signing a petition in support of the grant, downtown property owners agreeing to participate in the project, and local leadership supporting the project, including Senator Jimmy Holley and Representative Chris Sells."

The grant and the local financial support totals \$650,000 to provide façade improvements to all storefronts facing the Coffee County Courthouse in Elba and to restore the Elba Theater to operational condition (phase 1 of 3 phases).

"When combined with the improvements to the courthouse the Coffee County Commissioners have made already, downtown Elba will be receiving over \$1.1 million in revitalization," said Murdock.

Before work can begin, designers will meet with

property owners for storefront design, and architectural plans will be developed/approved. The Elba Theatre's existing architectural plans also will be approved.

The mayor said contractors will be solicited to bid on the projects and bids will be awarded. After these actions, construction will begin.

The anticipated time frame for beginning construction on this project in Elba is late spring or early summer of 2019.

"As many of you know and experienced, downtown Elba was the place citizens gathered, visited and shared stories, shopped, and participated in commerce," Murdock said. "Saturday in downtown Elba was where it happened. We believe this is the beginning of making Elba vibrant and appealing again."

The Alabama Department of Economic and Community Affairs is administering the grants from funds made available by the U.S. Department of Housing and Urban Development.

"As a former mayor whose city has been a recipient of CDBG awards, I can attest to how important this program is to our towns, cities and counties and the difference these grants can make in a community," ADECA director Kenneth Boswell said. "ADECA is pleased to join Governor Ivey in the partnerships that it takes to make these grants come to fruition."
